

Class 2 Half Termly Newsletter

January 2018 – February 2018

Important Information

Please ensure that P.E. kits and Forest School clothes come into school on Monday and go home on Friday.

Year 6 will have some homework this half term so please remind them of this. Thank you.

Certificates and Awards

Certificates for positive attitude towards learning: Lewis Cocks, Ellie Mitchell.

Forest School

It is still too damp to light fires with the fuel we find outside, so we have been concentrating on improving our skills with knots and hitches and using them to make swings, mini rope bridges and stronger shelters.

Birthdays

April Aidan T and Milly

HAPPY BIRTHDAY IF IT'S YOUR BIRTHDAY

PE

We have been using the gymnastics apparatus in the hall, gaining confidence with making strong shapes and finding ways to move between the different bars etc. Next term we will be starting badminton.

Parent Connection

I am still begging for any sticks or small branches that can be used for whittling, burning or shelter building.

About Our Class

The class is getting much better at fluency in maths, thinking about finding quick ways to solve problems mentally rather than having to use written methods every time. We have concentrated on fractions in maths: adding, subtracting and multiplying them. In English, we have finished writing myths and written non-chronological reports. The children have learnt about using traffic light paragraphs to make their writing more cohesive, and different sentence types to make it more interesting. Our topic this term is ancient Egypt and it is proving to be fascinating, a little bit disgusting and occasionally surprising! Our science topic is electricity, and so far we have been looking at how much we use in the school and trying to reduce it, following the BBC Terrific Science nationwide project.

Important Dates!

Term begins on Monday 19th February
27th February FOTS meeting 15.30
